

Linzie Wishart

Performer and Practitioner

Introduction

I have extensive experience working with young people of all ages through my work as a Creative Learning Practitioner and Drama Teacher. Having completed my PGCE and spent time in the secondary classroom, I am looking to return to the flexibility of freelance work. My main career (and income) throughout my adult life has been as a comedy impressionist and I am lucky enough that this has afforded me the luxury of studying as an adult. I have applied to the University of Exeter to study for an MA in Creative Arts in Education this September.
